THE GAZETTE.

WEDNESDAY, SEPTEMBER 8.

The fire losses in the United States and Canada during August foot up $13,000,000.

Martin Irons, the leader of the great Southwestern railroad strike, was locked up at the police station at Kansas City Monday night on the charge of drunkenness.

United States Senator Mitchell, of Oregon, is the only great man in the United States who can boast at present of a baby ron and a baby grandson within four days

General Logan has written Chairman Cooper, of the Pennsylvania republican state central committee, that he will deliver a number of speeches in that state for the republican candidates.

The Apache Indian war is at an end. General Miles reports the capture of the murderous chief, Geronimo and his band, and there is great rejoicing among the settlers of New Mexico and Arizona.

Chicago elevators, as per official returns contain 7,912,218 bushels of wheat, 5,788,296 bushels of corn, 2,013,073 bushels of oats, 226,125 bushels of rye and 489,367 bushels of barley, a grand total of 16,430,049 bushels, against 14,770,815 bushels a week ago and 14,846,100 bushels one year ago.

It is estimated that the wheat crop of California will be worth $51,000,000 this year, as against $28,000,000 last year; and that the barley crop will fetch $16,000,000, a gain of $7,000,000 over last year. The area sown is said to be but a fraction larger than in 1885. Recent estimates place the wine crop a $18,000,000, instead of the $25,000,000 estimated earlier in the season. Last year's crop was $15,000,000.

George B. Balch, known throughout Illinois as the "Poet of Elm Flats," died with a complication of diseases, at his home near Lerna, Coles county, Ill., last night. The deceased was for many years a personal friend of President Lincoln, and grew to manhood within two miles of the old Lincoln homestead, in the southern part of Coles county. It was through his efforts that the unmarked and uncared for grave of Thomas Lincoln, father of Abraham Lincoln, was relieved of weeds and brush and a handsome monument erected over it a few years ago. He was one of the oldest settlers in Central Illinois.

The Mark Lane Express, of London, in its review of the British grain trade during the past week, says: "The rainfall of the week has done no harm to crops. In the earlier districts the bulk of the harvest had been secured, and where the crop had not been reaped strong winds counteracted the wet. The change in the weather will retard the appearance in the market of new wheats, and will also be an important factor in determining values. The sales of English wheat during the week were 20,892 quarters at 33 shillings 1 penny, against 39,739 quarters at 32 shillings 3 pence during the corresponding period last year. Foreign wheats are steady, but with little doing. Fifteen cargoes of wheat arrived, three cargoes were withdrawn and fourteen remained, including four of California and one of Oregon. There is a fair supply of new English wheats. Flour is dull and 6 pence cheaper. Corn, peas and beans are unchanged. Oats dull and 3 pence cheaper. Linseed 1 shilling cheaper on the spot."

DEMOCRATIC FRAUDS IN ARKANSAS.

A dispatch from Little Rock, September 7th, says: Our state and county election was held here yesterday, and while it is a well known and admitted fact that we have not had a fair election in this county in twelve years, the democracy this time have eclipsed all former records, and their bold unblushing frauds, perpetrated at this election have never before been equaled. The county judge refused to comply with the plain provisions of the law, to appoint one republican judge of election in each township and ward, but insisted, in nearly every instance, in appointing three democratic judges. The result is that in nearly every township in which the republicans have a majority the figures have been reversed, and the returns will show a democratic majority. Not half the townships have been returned at this writing twenty-four hours after the polls were closed, and only one ward in the city has been counted. In the other wards and Big Rock township, adjoining the city, the judges have delayed the count and adjourned from time to time, it is alleged, so that they may overcome any republican majority that may finally come in from outside the city. In Eagle township where the republicans polled 312 votes and the democrats 81, the democratic judges return 289 democratic and 101 republican votes. Eastman and Hill townships are similarly returned. The judges and clerks were all democrats, and republicans who applied for admission to view count were refused and prevent by armed deputy sheriffs. In Hill township, while the count was progressing. Republicans occupied an adjoining room where they could observe the judges of election, and saw them substitute the democratic ticket for the republican, numbering the democratic ticket to correspond with the republican ticket destroyed. In Campbell township, where the vote stood republican 295, democrat 22, the ballot box was robbed of all the returns, and when it reached the county clerk's office to-day was empty. Blaine's majority in this county was 1,709, and with a fair election this time the republican state and county ticket would have a handsome majority but when the democratic judges get through counting—it may not be before Friday or Saturday—the entire democratic ticket will be counted in. Returns from other parts of the state are meagre. Judge Mitchell, republican, of Texarkana, is elected circuit judge, and Frank Thompson to the state senate. Both these gentlemen displace democrats. In Phillips county, for the first time in ten years, the election has been fairly conducted, and the republican state ticket has 1800 majority. Jefferson county gives 2900 republican majority

THEIR DAILY SHAKE

GETTING MONOTONOUS TO THE PEOPLE OF CHARLESTON.

Business Picking Up and Work Begun on the Wrecks—Six Additional Deaths —A Word for the Press Gang—Nearly $130,000 for Relief—Indiana and New Hampshire Shaken.

CHARLESTON, S. C., Sept. 8.—There were slight shocks here at irregular intervals of from one to three hours all Tuesday. The most distinct ones were just before 7 and at 10:52 o'clock a. m. At some places the men at work tearing down buildings and occupying delicate, if not dangerous, positions paused and looked significantly at each other, but no interruption was experienced and no panics ensued. In looking back over the terrific and destructive shocks of a week ago the inhabitants are content to regard present shakes as harmless in comparison, and declare it will take very positive quakes to cause fear.

At 5:25 p. m., while the rain was drizzling down in disagreeable quantities, an immense crowd of sufferers, all colored, gathered in front of the supply warerooms and clamored for their rations. They were a pitiable lot of people—ragged, gaunt and sad. The rations consist of a half pound of pickled pork, quarter of a pound of tea, half a pound of rice, quarter pound each of sugar and coffee, half pint syrup and a loaf of bread or pound of crackers.

Six deaths were reported Tuesday from the effects of the quakes. They were Isabella Grant, colored, 1 month old; Julius Irwin, colored, 5 months old; W. F. Thompson, colored, 35 years; Mrs. Tennill Burrows, white, 57 years; Ella Knocks, colored, 4 years; Mary Jane Smalls, colored, 6 years.

Seven births, four black and three white, including twins, have been reported during the week. The health officers say there have been several more, however.

Up to 7 p. m. the contributions received from different part of the country for earthquake sufferers were $67,487, $20,000 of which came from the treasurer of the New York chamber of commerce and $15,000 from Drexel & Co., bankers, of Philadelphia. The following committee has, in accordance with request of the city council, assumed charge of the finances and will receive and distribute moneys for sufferers: W. L. Campbell, city treasurer; W. A. Courtenay, mayor; Francis S. Rogers, and A. W. Taft. Mayor Courtenay, who arrived Tuesday, was at work in the afternoon systematizing work of alleviating the suffering of the people and clearing away debris, etc. He will issue an address to the citizens and point out the duty of the hour.

Rain, which began falling at 2 p. m., drenching the insecurely covered campers, ceased falling at 7. The moon came out brightly and the sky was clear and cheerful.

At 9:51 o'clock Tuesday night one week had elapsed since the first destructive earthquake shock visited Charleston. None but natives can ever appreciate the horror of the seven days, nor comprehend the demolition of the city at this time. The bravest men of South Carolina have been as completely demoralized as the weakest women. It has been demonstrated that the common chivalry of man does not apply to emergencies of earthquakes, and that no rule of gallantry or courage known can be utilized or depended upon in events like those which have transpired during the past week. The brave and weak, the white and black, the good and wicked people, have all fared alike, and have been upon the same level. Everybody has appreciated most thoroughly that "fellow feeling which makes us wondrous kind," and will continue to do so in a moderate degree for weeks to come.

Charleston is in ruins, but she is not so demoralized as she has been. There has been a steady growth of confidence for two days, and the people begin to see the silver lining. The work of clearing away debris, which has employed the minds and bodies of men, has done much toward restoring confidence and bringing about a better condition of the public pulse. It will take three weeks to clear away accumulated debris, and buildings will be in the process of being torn down for months yet, as the first estimate that more than half of the brick structures and one-fourth of all buildings here will have to be torn down seems to have been wisely made. More new building material is in the streets at this time —material for repairing only—than has been seen here during the past year, and more will be used during the next six months, if a very large proportion of the city is rebuilt, than has been used for a half century.

Strong as the pictures have been drawn of the destruction done by the quake, the United Press reporter has not seen any material exaggeration. The correspondents and local press men have confined their descriptions to facts, for the reason that they have had enough of facts and no need of fiction or fancy. And the facilities for collecting and forwarding the facts have been very deficient. The street car service has been badly deranged and is disorganized now. The telegraph service was ruined. There were no messengers, few available hacks, and the only way left for the news producers was to walk, walk, walk and write, write, write. For sixty hours it was not a question of how much could be written, but how much could be gotten out by wire. The best newspaper talent the country affords has been here, and in reviewing the week's work no class deserves more praise than the one which has withstood hardships of almost continuous running with little sleep and little to eat, and which was expected to reproduce a faithful picture to the world of a catastrophe which was beyond the power of pen description. On one or two nights when the correspondents have had to sleep out-doors, they have been the recipients of many kindnesses proffered by citizens. Several times the correspondents were visited by ladies, who insisted on sharing blankets, coffee and sympathy. Such generosity and self-sacrifice has not been known since the war and is seldom seen anywhere under any circumstances.

Some surprise but a great deal of pride is expressed by the average Charleston man at the escape of the custom house building. This structure of granite is much the handsomest and most valuable of any in the city. An examination by government officers fails to reveal any serious injury. The quakes appear to have moved this building about an inch, and the only effect noticeable is in a very few cracks at the joints, or rather gaps between the granite blocks.

The hotels are nearly all open to guests now, but only a small proportion of their rooms are suitable for occupation. The plastering being off and the furniture dusty and dirty, most of them are now being renovated and have the carpets up and the floors bare. The hotel service is yet very defective. Traveling men have begun to come into the city. There are a good many visitors here and signs are appearing of renewal of the ordinary activity of Charleston.

An Ungenerous Council.

RICHMOND, Va., Sept. 8.—The action of the city council in refusing by a vote of fourteen to nine to appropriate $5,000 for the aid of the Charleston sufferers is severely commented on by all classes of citizens. The decision of the council was a great surprise, especially as a full meeting of tax-paying citizens held at the hall of the chamber of commerce, had requested by a series of resolutions that the city donate $5,000 or $10,000. It was openly stated Tuesday that a public meeting will be held to denounce the council for its action.

Subscriptions Opened in London.

LONDON, Sept. 8.—The lord mayor of London has opened a fund for the relief of the sufferers by the recent earthquakes in Charleston, S. C.

INDIANA HAS A SHAKE.

A Terrible Jar Given to Evansville—Jasper Vibrates.

EVANSVILLE, Ind., Sept. 8.—At 1:12 Tuesday morning Evansville was visited by an earthquake, the effect being much more pronounced than either of the previous ones. There was a terrible jar of perhaps twelve seconds' duration, followed by a crash as of some ponderous weight being dropped from a height. The scare among the citizens was great. The Journal office printers all rushed for the roof, and The Courier men left hats and coats behind in a mad stampede for the street. At the hotels guests were tossed about rudely, and for a few moments a panic was imminent. Jack Nolan, an operator, jumped from a side window and was slightly injured.

JASPER, Ind., Sept. 8.—A severe shock of earthquake was felt here at a few minutes before 2 Tuesday morning. It shook buildings like the firing of heavy artillery. The vibrations continued but a few seconds. A rumbling sound, sounding like distant thunder, accompanied the shock.

A Quake in New Hampshire.

CONTOCOOK, N. H., Sept. 8.—Many persons here report having felt an earthquake shock Monday evening about 8 o'clock. Just previous to the time mentioned a brilliant meteor, apparently a foot in diameter, was seen in the east.

THE SURRENDER OF GERONIMO.

It Ends a Twenty-Five Year War—Probable Disposal of the Captives.

WASHINGTON CITY, Sept. 8.—General satisfaction was expressed at the war department Tuesday upon the receipt of the news of Geronimo's surrender. Great praise is bestowed upon Gen. Miles for the excellent conduct of the campaign. Adjt. Gen. Drum, speaking of Geronimo's capture, said it was the end of a war running with brief intermissions through twenty-five years. The general was not prepared to say what disposition would be made of the captives, but certainly, he said, nothing would be done in the matter until the president's wishes were known.

The opinion prevails in some quarters that the Indians will be transferred to the custody of the interior department for a time and that Geronimo and his lieutenants will ultimately be surrendered to the civil authorities of Arizona and put on trial for murder, with a result that would require little effort to guess. An officer of high rank, however, inclines to the belief that the president will never consent to surrender Geronimo to the civil authorities, but will order his trial by court-martial, if it should be regarded as proper to try him at all.

CONFLICT IN THE COAL REGIONS.

Battle Between White and Black Colliers—A Number Wounded.

COSHOCTON, Ohio, Sept. 8.—Word has just reached here of a serious conflict Tuesday night between the black and white miners at the Franklin coal mines. Twenty shots were exchanged. The sheriff is now rallying a posse to go to the scene of the trouble. The trouble has arisen on account of the black miners superseding the whites, who have been out on a strike since April 15. Detectives are now guarding the mines and chutes. A number of miners on both sides were injured, but how seriously could not be ascertained.

Federation of Coal Miners.

INDIANAPOLIS, Sept. 8.—There were fifty delegates in attendance upon the national federation of coal miners at its first annual session, Tuesday, from Ohio, Pennsylvania, Indiana, Illinois, and Missouri. One of the Pennsylvania delegates also held proxies for Maryland and Virginia. John McBride, of Ohio, was made permanent chairman. The report of Secretary Evans stated that the organization had been very beneficial to the miners, maintaining a schedule of prices that would remain in force until next May. The secretary favored trades unions and did not approve of the federation losing its identity by merging with the Knights of Labor.

Treasurer Daniel McLaughlin, of Illinois, reported receipts $2,500; disbursements $1,900. Beyond appointment of committees no business was transacted.

A Threat to Resist Evictions.

DUBLIN, Sept. 8.—At the regular fortnightly meeting of the National league Mr. O'Brien announced that the league had received from America during the last three weeks £3,000. Mr. Kenney, M. P., followed Mr. O'Brien in a long speech, in which he said: "On no condition will we allow our fellow countrymen to be thrown out upon the roadside during the coming winter. We will oppose all attempts to enforce evictions by every lawful means, and if these shall prove of no avail we will resort to other measures which can not possibly fail, if Mr. Parnell's bill is rejected by parliament.

Mrs. Cleveland Charmed.

SARANAC INN, N. Y., Sept. 8.—The presidential party left the Stephens house at Lake Placid at 8 o'clock Tuesday morning, and after a drive of twenty-seven miles in something less than five hours arrived at this place at noon. During their three days' drive the party have traveled ninety-four miles. Mrs. Cleveland and Mrs. Folsom express themselves as being charmed with the scenery and especially delighted with the views at the cascade in the neighborhood of Wilmington Notch.

Reduction of Trans-Continental Rates.

SAN FRANCISCO, Sept. 8.—A reduction of rates is announced by the Pacific coast agents of the Trans-Continental lines of 50 per cent. with the minimum 50 cents per 100 pounds to Chicago and St. Louis. This reduction was caused by the lively opposition of the Pacific Mail Steamship company and the Canadian Pacific railway company. The reduced rates are guaranteed up to Saturday next.

The Missing Mrs. Schilling.

NEW YORK, Sept. 8.—A telegram from Montreal Tuesday stated that Mrs. Victoria Schilling is not in the convent of the Sacred Heart there. Miss Pauline Hall however, reiterates her statement that Mrs. Schilling went to the convent, whether she remained there or not. It is generally accepted as a fact the lady will eventually re-enter her father's household.

Congressman Randall Recovering.

HARRISBURG, Pa., Sept. 8.—A private telegram from Derwin, Mr. Randall's summer residence, says that the congressman is rapidly recovering, and in a few days will be entirely restored to his usual good health. His illness is the result of a cold, taken by exposure to the night air. Reports about his condition were, it is said, exaggerated.

A fire in Kaukauna destroyed a building owned by Paul Juley. The loss—about $1,000—was fully covered by insurance.

Capt. Bird, a pioneer of Waukesha county, died at his home in Wauwatosa, aged 55. He was a veteran of the Union army.

Abner Bailey, of Eureka, Winnebago county, has received about $2,700 for disability incurred as a member of the Eighteenth Wisconsin infantry.

The brewery at Fort Atkinson, owned by Valentine Blatz, of Milwaukee, and leased by him to Milwaukee parties, burned Sunday. Loss, about 5,000.

The Racine tax levy for the next year has been fixed at $94,363 04, which will make the rate of taxation for municipal purposes 11 4 10 mills on the dollar.

A little daughter of Mr. and Mrs. Arthur Cook, of Neenah, was attacked by a furious game rooster while playing in the back yard and was struck in the temple with one of his spurs, which severed a small artery and thereby caused a great loss of blood.

Stevens Point Journal: Sam Steinke, who lives near Arnot station, Stockton, exhibited as fine winter wheat in this city this week as it is possible to find anywhere. One bushel and three peaks, by measure, weighed two bushels and five pounds.

On his farm near Oconto, Frank Leroy, unearthed an iron box containing a solid gold hunting case watch, two gold chains, a roll of greenbacks, and a number of copper pennies. The theory is that the box was buried by some one for safe-keeping and the place forgotten by the owner.

Miss Jane Wyatt, an EauClaire music teacher, has brough an action for $5,000 damages against W. H. Kneeland, an EauClaire grocer. She claims this amount for injuries alleged to have been inflicted upon her by the defendant, whom she accuses of assault and battery. The trouble originated over the misunderstanding of a grocery deal.

A Masonic re-union and picnic, under the auspices of Olivet commandery, Knights Templar, will occur at Oconomowoc on Friday, in which Masons and their families from Columbus, Watertown, Oconomowoc and neighboring lodges will participate. Work on the university buildings at Madison, is progressing rapidly. The south wing of Science hall is already bricked as far as the third floor, the walls of the remainder of the building have been completed beyond the second floor. The red brick superstructure gives promise of making a handsome and substantial building. Work on the chemical laboratory is getting well along, the walls are now completed and the roof is being laid. It will be some time, however, before the building can be used.

Mr. J. I. Case, of Racine, has been offered $20,000 for Phallas by John L. Mitchell, of Milwaukee, and has wisely refused it. Some idea of the value of such a horse as Phallas can be arrived at when it is said that he earned Mr. Case $17,000 this year, and there is no reason to doubt that he will continue to make such earnings for some years to come. In the light of this information it can be readily seen that $20,000 is not the value of the horse, when his earning capacities are taken into consideration. Barring accident or death, Phallas is good for a good many thousand dollars to his owner.

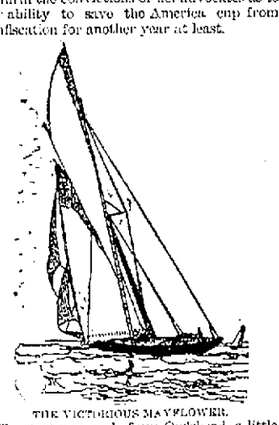
UNCLE SAM NEVER TIRE

OF BUILDING BOATS TO BEAT THE BRITISHERS.

The Mayflower Walks Away from the Galatea from the Start, and Beats Her Over Twelve Minutes—A Pretty Race Well Won—Reports from the Race Track and Diamond.

NEW YORK, Sept. 8.—The Mayflower, with Capt. Stone, of Swampscott, at the wheel, and Skipper Joe Ellsworth hard by to give him points, won the first race of the series Tuesday against the English cutter Galatea, and manifested sailing qualities sufficient to confirm the convictions of her advocates as to her ability to save the American cup from confiscation for another year at least.

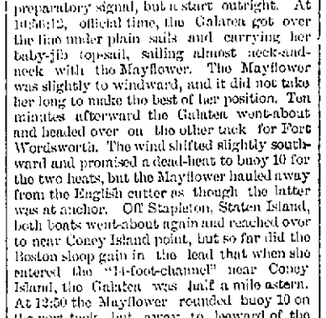


THE VICTORIOUS MAYFLOWER.

The start was made from Owlshead, a little below Bay Ridge. All the morning a vast fleet of yachts, numbering one hundred at least, were beating about off the club grounds, and far down the bay the two big sloops tacked about until 10:30, when they headed up the stream and lolled-to.

It was 10:55 before the Lutchenbach "opened her mouth," and when she did it was for no preparatory signal, but a start outright. At 10:56:12, official time, the Galatea got over the line under plain sails and carrying her baby-jib topsail, sailing almost neck-and-neck with the Mayflower. The Mayflower was slightly to windward, and it did not take her long to make the best of her position. Ten minutes afterward the Galatea went about and headed over on the other tack for Fort Wordsworth. The wind shifted slightly southward and promised a dead-beat to buoy 10 for the two boats, but the Mayflower hauled away from the English cutter as though the latter was at anchor. Off Stapleton, Staten Island, both boats went about again and reached over to near Coney Island point, but so far did the Boston sloop gain in the lead that when she entered the "14-foot-channel" near Coney Island, the Galatea was half a mile astern. At 12:50 the Mayflower rounded buoy 10 on the port tack, but away to leeward of the buoy. About ten minutes later the English cutter rounded the buoy so close as to almost scrape the paint off her sides and headed in the wake of the Mayflower for buoy 8½, which she turned at 10:07:30, five and half minutes after the Mayflower. Then both boats made a stretch to the eastward on their course to Sandy Hook lightship.

Below the Hook the wind freshened and the Mayflower somewhat increased her lead. She stood out to sea away to the eastward, heading far enough to clear the Sandy Hook lightship without making a tack on her course across. Under her working sails she headed across to the "Sandy" and rounded it at 2:37:02 amid the screeching of tug and steamer whistles and guns from the steam yachts. The British craft followered at 2:44:15, and was greeted with a similar ovation. Far off in the lead the Boston sloop blew out her big balloon jib-top sail and headed back for the point of the Hook on the port tack with the wind nearly abeam The run home was a beautiful scene. About 3:30 the wind lagged, and the Mayflower's big jib topsail dragged in the sea, but a tug or two on the sheet hauled her in again. The



THE GALATEA.

Galatea, away off near the turning buoy, rigged her spinnaker, but for reasons best known to her skipper, did not set the sail. At 3:34 the Mayflower rounded buoy 8½ on the home-stretch, followed at 3:46 by the Galatea. A little after 4 the Mayflower broke out her spinnaker, and created so beautiful a sight with every stitch set and going before the wind that all the steam craft set up a tremendous howl.

All the steamers of high and low degree made as fast as they could for buoy 15 to whoop themselves hoarse at the finish, and no one but an absolute pilot could have distinguished just where the finish was to be, so dense was the fleet of outside craft.

Following is the official time: Start—Mayflower, 10:56:12; Galatea, 10:56:41. Finish—Mayflower, 4:22:30; Galatea, 4:35:02. Corrected time—Mayflower, 5:26:41; Galatea, 5:38:43.

The next race will be sailed on Thursday next, and will be sailed over a course from the Sandy Hook or Scotland lightship, twenty miles to windward and back to the lightship.

Wholdors of the Willow.

Hay Fever Sufferers.

The number of people annually afflicted with this most annoying malady seems to be greatly on the increase. * * The editor of this journal is an annual victim and with a view to discover a specific cure has tried numerous remedies. Of these Ely's Cream Balm is by all odds the quickest and most satisfactory, two applications greatly allaying the usual symptoms in the nose and eyes. We would recommend its use by all subject to hay fever and we gladly bear unsolicited testimony to its effects in our own case. * * —*Media*, (Pa.) *Record*.

VERMONT VOTES,

AND THE RETURNS COME IN AS THEY USUALLY DO.

Edmunds Seems Pretty Solid—Arkansas Also Speaks in Her Wonted Manner—Morrison Unanimously Renominated—Bragg's District Still on the Ragged Edge—Anti-Saloon Republicans.

WHITE RIVER JUNCTION, Vt., Sept. 8.—Returns from thirty-one towns give Ormsbee (Rep.) 5,852, and Shurtleff (Dem.) 3,554 votes for governor. In the First district Stewart (Rep.) is elected to congress by 2,070 votes to 1,631 for Brigham (Dem.)

In the Second district Grout (Rep.) is elected to congress by 3,889 votes, to 1,644 for Folsom (Dem.) Returns are slow. Reports from twenty-five towns show that only one is anti-Edmunds. In two there is no choice. Twenty-two are for Edmunds. Six towns remain to be heard from on this point.

LATER.—Further returns from the First district give Stewart 3,375 and Brigham 7,690 votes, and from the Second district Grout 6,530 and Folsom 2,014 votes. In sixty-four towns Ormsbee has 11,858 votes to 6,702 for Shurtleff.

In forty-two towns Edmunds representatives are returned; in three, anti-Edmunds; in four there is no choice; from seventeen there is as yet no return.

LATEST.—Ninety-two towns give Ormsbee 18,038; Shurtleff, 8,671. Out of these ninety-two towns seventy-five choose Edmunds delegates.

Morrison Renominated by Acclamation.

GREENVILLE, Ills., Sept. 8.—The Democratic convention of the Eighteenth congressional district was held here Tuesday. It was the largest gathering of the kind ever held in this district and probably in Illinois. William R. Morrison was unanimously nominated. On being escorted to the convention hall, Mr. Morrison returned thanks, and in a speech of about fifteen minutes argued economic questions on the lines laid down in his tariff measure introduced at the last session of congress.

CHICAGO, Sept. 8.—The following congressional nominations were reported Tuesday: Democratic—Ninth Illinois, John M. Glover; Seventh Ohio, J. E. Campbell; Fifth Wisconsin, T. R. Hudd; —— Iowa, George Wilmot. Republican—Eleventh Illinois, W. W. Best; Eighteenth Ohio, William McKinley; Eleventh Indiana, George W. Steele. Prohibition—First Maryland, L. S. Nelson; Second, P. G. Zouck; third, D. W. Glass; Fourth, Eugene Lovering; Fifth, C. M. Robinson.

Anti-Saloon Republicans.

BINGHAMTON, N. Y., Sept. 8.—The anti-Saloon Republican state convention here Tuesday adopted resolutions against a third party and calling on the Republicans to embrace Prohibition principles. Delegates were chosen to the Chicago anti-saloon convention on September 16. The Rev. George H. Ball, of Buffalo, was chosen president of the convention. The delegates represented thirteen counties of the state. Gen. Conway, of Brooklyn; Judge Noah Davis, of New York, and Thomas L. James, ex-postmaster-general, were the best known men present, and they were chosen on the committee to go to Chicago.

The Election in Arkansas.

LITTLE ROCK, Ark., Sept. 8.—Returns from the election throughout the state come in very slowly. Enough is known, however, to guarantee the Democratic ticket 25,000 majority. In this county the count progresses very slowly on account of the great variety of tickets used, but it is believed the Democrats have elected their entire ticket by 1,000 to 2,000 majority. The result is largely attributable to accessions from the colored people. The election was very orderly, and no disturbance was reported at the polls anywhere.

No Choice in Bragg's District.

WAUKESHA, Wis., Sept. 8.—The Second district Democratic convention met at 9 o'clock Tuesday morning. Ten ballots were taken without any change, when the convention adjourned until 5 p. m. In the afternoon a number of other ballots were taken with the same result, after which the convention adjourned for the day.

Bringing the Banks to Taw.

WASHINGTON CITY, Sept. 8.—Some of the national banks have been very tardy in forwarding reports of their condition in response to calls made by the controller of the currency, and it appears that for a long time past the penalty of $100 a day for such default has not been imposed. Some of the habitual delinquents among the banks are again behind-hand on the call made for the 27th of August, and the controller has decided to impose the penalty in a sufficient number of cases to establish a precedent and on future calls the banks will be notified of the strict enforcement of the law and the penalties in every case of neglect.

Philadelphia Municipal Crookedness.

PHILADELPHIA, Sept. 8.—In Tuesday's session of the committee which is investigating the charges against Mayor Smith, there was considerable evidence offered to show looseness and irregularity in the matter of keeping officers on the police pay-rolls who were not engaged in any duty. Immediately upon coming from the investigation Tuesday afternoon, Howard March, the mayor's chief clerk, tendered his resignation in writing. It is understood that the mayor requested Mr. March's resignation.

The New Minister to Mexico.

WASHINGTON CITY, Sept. 8.—Judge Manning, the newly appointed minister to Mexico, writes to a friend in this city saying that he is now at White Sulphur Springs, awaiting the arrival of his commission; that as soon as he receives it he intends going to Louisiana to prepare for his departure for his new post of duty. The appointment was announced Tuesday.

Fatal Result of a Scuffle.

LOGANSPORT, Ind., Sept. 8.—Willie Conners and Jerry McCarty are two youngsters in the employ of the Panhandle. While scuffling Tuesday morning Conners was accidentally cut over the heart by McCarty and died in less than fifteen minutes. The boys have been playmates from childhood, and belong to two of the most prominent Irish families.

Roman Catholics on a Pilgrimage.

PORTLAND, Me., Sept. 7.—A Roman Catholic pilgrimage to the shrine of St. Anne de Beaupre in Canada, started thence from this city Tuesday under the direction of Rev. Father Massen, parish priest at Danville, Quebec. Accessions to the ranks are expected along the road.

Railway Bought for Half a Million.

SPRINGFIELD, Ills., Sept. 8.—The Havana branch of the Wabash railway, known as the Champaign, Havana & Western, was sold Tuesday for $500,100. It was bought by Anthony J. Thomas, of Indianapolis, as trustee for the bondholders.

Compromised for Three Thousand.

LOGANSPORT, Ind., Sept. 8.—Frank Felker, who was injured a year ago in a Wabash wreck, in this city, has received a check for $3,000, which he accepted as a compromise. He was injured for life.

A Walking Skeleton

Mr. E. Springer, of Mechanicsville, Pa., writes: "I was afflicted with lung fever and abscess on lungs, and reduced to *a walking skeleton*. Got a free trial bottle of Dr. King's New Discovery for Consumption, which did me so much good that I bought a dollar bottle. After using three bottles, found myself once more a man, completely restored to health, with a hearty appetite, and a gain in flesh of 48 lbs." Call at F. Sherer & Co., Drug Store, and get a trial bottle of this certain cure for all Lung Diseases. Large bottles $1.

ANOTHER VETERAN PASSES AWAY.

Col. C. M. Brazee, of Rockford, Ills., Goes to His Rest.

COL. C. M. BRAZEE.

ROCKFORD, Ills., Sept. 8.—Col. C. M. Brazee, a prominent citizen and lawyer, died at an early hour Monday, at his home, of brain trouble brought about by an injury he sustained three months ago by falling from his carriage. He was born in Royalton, Niagara county, N. Y., March 10, 1832, being the youngest son of Andrew Brazee. He was left an orphan at an early age, and lived during his youthful years with an uncle at Lockport. He came to this city about 1858, read law, and was admitted to the bar, in 1860. At the breaking out of the war he enlisted as lieutenant of Company C, Seventy-fourth Illinois regiment, and served with distinction until the close of the rebellion, serving during the latter portion of his soldier life as assistant acting quartermaster of the Army of the Cumberland. He was married twice, his first wife dying in 1885. He married a second time in 1884, and leaves three children by the first wife.

SLAUGHERED HIS CHILDREN.

The Awful Crime of an Alabama Colored Man.

CHATTANOOGA, Tenn., 8.—A special from Gadsden, Ala., gives details of an awful crime which has just come to light there. Gabe Watts, a colored man, lived about two miles from that place with three children, aged 10, 12, and 13 years respectively. He had often stated that he was tired of supporting children, but would not allow them to work for any one, and seemed to have a horror of letting them be bound out to white farmers. A few nights ago he procured a heavy wooden club and while they slept he brained them with the bludgeon. Thinking they were all dead, he covered their forms with old quilts and set them on fire. The light of the fire attracted the attention of two men passing by the house, who bravely entered the burning building and dragged the bodies of the three children from the flames. Two of them were dead and the third has a fractured skull and can not recover. Watts is in jail and has made a full confession of his awful deed.

CONDENSED NEWS.

An estate near Lake Geneva has been purchased by James Gordon Bennett, who intends to build a castle.

The attendance at the Illinois state fair Tuesday was 65,000, most of whom were school children, who went in free.

A carpenter of Buffalo, named John T. Oliver, fatally shot his wife on the street Tuesday morning. They had been separated for a year.

As $1,000,000 in 5 per cent. bonds have been received at the treasury for redemption under the recent invitation. Treasurer Jordan finds that as much money will thereby be placed in circulation as if $7,500,000 had been called in from the bank holdings.

Wild Nell, a famous hermit of North Carolina, who owned considerable property before the war, hanged himself in his cabin near Fayetteville. He lived about 100 yards from his sister, to whom he had not spoken for twenty years until he bade her farewell.

The Clothing Manufacturers' association of New York rejected a proposition by the Knights of Labor that the lock-out be declared at an end and all strikers be taken back. Instead, notice was given that the non-union men at work would be retained at all hazards.

Gen. W. T. Harney, of St. Louis, compromised the litigation with the children of his first wife by surrendering to them the bulk of his property on payment of $500 per month during his life. His second wife is to receive his personal property and the real estate specified in the marriage contract.

Ex-Senator Baxter Dead.

RICHMOND, Ind., Sept. 7.—William Baxter, ex-United States senator and congressman from this district, and author of the famous Baxter temperance law, died at 7 o'clock Monday night. He was aged 65, and was born in England.

Stole a Quarter of a Million.

HARTFORD, Conn., Sept. 7.—Thomas F. Plunkett, treasurer of the Union Manufacturing company, is missing. He is said to be a defaulter to the extent of $250,000 to various companies with which he was connected.

A Commercial Honor to Minister Pendleton.

CINCINNATI, Sept. 8.—Hon. George H. Pendleton was elected to honorary membership in the chamber of commerce at the meeting of the board of directors Tuesday.

A Concession to Parnell.

LONDON, Sept. 8.—The government has decided to give Parnell two days of next week in which to discuss his proposed bill for the prevention of evictions in Ireland.

When we Demoralize the Stomach

By excesses or imprudence in eating, we cannot hope to escape the consequences for any great length of time. The most robust digestion must succumb to abuses of that important function. But supposing that we have been foolish enough to enfeeble the stomach, is the damage irreparable? By no means. The dyspeptic has only to do two things to insure his ultimate recovery. First, he should adopt an easily digestible diet. Second, he should use with regularity and persistence Hostetter's stomach bitters, the leading gastric invigorant of the age. The multiform symptoms of dyspepsia, and the almost invariably attendant disorders, biliousness and constipation, will assuredly cease to persecute the sufferer if the above advice is attended to. Who that has suffered the torments that chronic indigestion inflicts will neglect to take advantage of a remedy which, if the most positive evidence of the medical profession and the public is to be received with due credence, is an absolute specific for the complaint.

NAUTICAL LUXURY.

THE EXTRAVAGANT COST OF KEEPING YACHTS IN COMMISSION.

An Estimate of the Expenses as Viewed From the Standpoint of Moderation. What Yachting Has in Common With Housekeeping.

It has been said that it cost the owner $10,000 to keep the Huron in commission during the yachting season. This statement has led many people to wonder whether such an outlay is customary among yachtsmen.

There are few yachtsmen who devote themselves entirely to their vessels during the season, so it must follow that many other pleasures occupy their leisure summer time, to say nothing of the remaining eight or nine months of the year. In order to keep up the same monetary pace in all the festivities which ensue between New Year's and Christmas, the $10,000 yachtsman should have an income of not less than $100,000, provided he has any intention of living within his resources or of accumulating a nest egg.

ESTIMATING THE COST.

Boston yachtsmen are not, as a rule, so extravagant as their New York brethren, and many of them seem to think that unless a man is prodigal in his salt water hospitality he should be able to weather the season without crossing the $5,000 line. "The Huron's owner must have thrown a good deal of his money overboard if his boat cost him $10,000 every year," said a gentleman who owns one of the largest and best known yachts in eastern waters, and as the unhappy proprietor of the Huron had not the reputation of an extravagant host there would seem to be a great deal of truth in this assertion.

A vessel like the Huron could be launched complete, according to the statements of the leading builders in this section of the country, at a cost of from $20,000 to $25,000 at most. The jolly tars on board would number eight or nine men before the mast, a captain, a mate, a cook, a steward and perhaps a cabin boy. The pay of the crew will average about $30 per month for each ordinary seaman, from $40 to $100 per month for the captain, from $50 to $75 for the mate, and, according to the epicurean tastes of the owner, the cook's wages would range from that of the heave-o'-my-timbers tar to that of the gallant and gold-laced captain. Some yacht owners who are inclined to "put on style," will select from their rope-handling minions a second mate, a "bosun" and quartermaster for an additional wage of $5 every thirty days. Putting the number of a working crew of a crack yacht at twelve and fixing the cost therefor according to the following liberally calculated table, the expense of maintenance can be easily determined:

Captain's salary per month, say	$100
Mate's salary per month, say	70
Second mate's salary per month, say	55
Quartermaster's salary per month, say	35
Bosun's salary per month, say	35
Six seamen at $30 per month	180
Cook per month, say	40
Total per month	$475

NO END TO THE EXPENSE.

Adding this to the cost of the "creep," and bringing the total up to $600, we have the sum of $1,800 as the season's expenditure for the crew. Placing it at $2,000, the allowance is liberal indeed.

But yachting has this in common with housekeeping, that one never knows where his expense will cease. There is always something to be bought, whether it be some adornment for the cabin or some supplement to the rig. Accident to the canvas, collision, bumping upon shoals, the hundred and one mishaps which befall nautical locomotion, and the various causes for frequent "hauling up" on the stocks, pile up the outgo of dollars. These things provided for, it remains with the owner to determine whether his reputation for hospitality and dinner-giving shall follow him from Commonwealth avenue to the briny. If he is accustomed to playing mine host upon ship, he is likely to find this item in his day-day expenditure beating the ship's maintenance bill out of sight. At this point the cost of yachting becomes mere conjecture, but he must, indeed, be a generous skipper who entertains to the extent of $3,000 during the season, and thus bring up his account with Neptune to the comfortable figure of $5,000. What shall be said, then, of the man who regards $10,000 as a moderate season's yachting bill? He must have floated his vessel on champagne and Burgundy, and dined his crew and his guests upon Delmonico menus every day in the week. Considering the fact, however, that few Boston yacht owners live on board their sloops or schooners, and that still fewer keep open house for an army of acquaintances, it is difficult to understand how a man could find an outlet for the sum which he is said to have expended.—Boston Herald.

ALEXANDER DEPARTS.

Close of the Career of the Bulgarian Prince—Russia Very Amiable.

SOFIA, Sept. 8.—Prince Alexander formally abdicated the throne Tuesday. Stambuloff, Karaveloff and Mutkuroff constitute the regency appointed to administer the affairs of the Bulgarian government pending the election of Prince Alexander's successor. The cabinet resigned Tuesday and a new ministry was immediately formed, composed as follows:

Premier and minister of the interior, M. Radaslavoff; minister of foreign affairs, M. Nuevelos; minister of finance, M. Gueshoff; minister of justice, M. Starloff; minister of education, M. Ivanchoff; minister of war, M. Nicolaieff.

Prince Alexander has started for the frontier.

The Russian consul has received a reply from St. Petersburg to the demands of the Bulgarian notables, in which the Russian government agrees to all the principal points set forth in the list of demands, and further declares the intention of the czar's government to notify the great powers of its acceptance of these engagements. Russia also said that she was ready and willing to give guarantees of the independence of Bulgaria the moment Prince Alexander departed from that country.

Upon receipt of the reply of Russia the Bulgarian government addressed to the powers signatary to the treaty of Berlin, a demand that they guarantee the fulfillment of Russia's promises.

The Bulgarian notables demanded that Russia allow the Bulgarian assembly to elect Alexander's successor, guarantee Bulgaria's independence and grant her a loan.

The commandant of the garrison at Widdin has telegraphed that he is ready to march to Sofia at a moment's notice to suppress any Bulgarian cabinet acquiescing in the abdication of Prince Alexander.

A CRASH AT INDIANAPOLIS.

Twenty Men Caught in the Debris—Seven Injured, Three Fatally.

INDIANAPOLIS, Ind., Sept. 8.—A very serious accident occurred here Tuesday afternoon, by which several men may lose their lives. Work had just begun on the old Young Men's Christian Association building, preparatory to replacing it with a new structure, and a force of men was at work. Twenty-one of them were on the upper tier of joists when the support on the inner wall gave way, precipitating them all to the floor below, a distance of twenty feet. Seven of them were caught in the falling debris and badly injured, as follows:

Albert Schumacker, one of the contractors, skull fractured; Henry Schumacker, ankle broken; Henry Miller, leg broken and internal injuries; B. Derleth, collar bone broken and internal injuries; Lew Fisher, scalp injury; Ol Warren, left hip mashed; Gus Alexander, spinal injury.

Of these, Albert Schumacher, Miller, Derleth and Warren, it is feared, will die.

WENT OFF WITH A GREEK.

An Indianapolis Man's Wife Takes the Elopement Fever.

INDIANAPOLIS, Ind., Sept. 8.—The wife of William E. Stuard, veterinary surgeon, and Benjamin Greek, pump manufacturer, disappeared simultaneously a few days ago. It has since transpired that they eloped and went to Louisville. Stuard followed them and found his wife there and Greek in Jeffersonville. He made an attempt to kill Greek, but failed. Stuard has returned. "I went there," said Stuard, "with the intention of killing Greek on sight, but as soon as he saw me he ran down the street yelling 'Murder' with me after him. It was fortunate for him that I did not get within distance of him, for I would have killed him. This is a terrible blow to me, for my two children—boys aged 14 and 16—are old enough to know and realize their mother's disgrace." Mutual friends here are now making an effort to reconcile Stuard and wife.

Buried in a Gravel Pit.

LIGONIER, Ind., Sept. 8.—The Lake Shore & Michigan Southern Railroad company has been prospecting in this neighborhood for some time in search of gravel, sinking numerous shafts. Tuesday, while working near town in a shaft thirty-eight feet deep, the sides caved in, covering up Augustus Flourkey, and he is now at the bottom of the pit, with at least twenty feet of gravel on top of him. The man is undoubtedly dead, but relays of men are kept constantly at work endeavoring to reach him, while the scene of the disaster is being visited by hundreds of people. The unfortunate man is married and has one child.

An Item from Mexico.

MEXICO, Sept. 8.—A courier just arrived from Guadaljara reports that twelve bandits entered the house of Don Miguel Tepez, a wealthy citizen in the suburbs, and stole all the valuable jewelry and money available and then stabbed Tepez and his wife to death. In the same city two Mexicans were fighting when the son of one of the men, only 10 years of age, slipped up and cut his father's adversary so that he was disembowled. The boy stabbed the prostrate man to the heart, while his father clapped his hands, and after the deed caught his son in his arms and covered him with kisses. The boy is in jail.

Official Personals.

WASHINGTON CITY, Sept. 8.—Secretary Lamar has gone to New England for a vacation of several weeks.

Secretary Bayard still sticks to his desk at the state department, and will probably not start on his vacation for several weeks. He will then go to Saratoga Springs.

Gen. Black, commissioner of pensions, has accepted an invitation to attend the annual reunion of the society of the Army of Tennessee at Rock Island, Ills., on the 15th inst. and at the banquet to respond to the toast "Our Country and our Flag."

Meeting of Railway Mail Clerks.

WASHINGTON CITY, Sept. 8.—The twelfth annual session of the United States Railway Mail Service Mutual Benefit Association, opened here Tuesday. A. W. Buttricks, of New Haven, president, presiding. First Assistant Postmaster General Stevenson was present at the opening and delivered a pleasant address of welcome. Routine business and questions of interest to the association were discussed.

Died of Undoubted Yellow Fever.

NEW YORK, Sept. 8.—The autopsy on the body of Engineer Gourley of the steamship Alvo from the West Indies, who died in the hospital Monday night of what seemed to be yellow fever, was held Tuesday by Dr. Taylor, of the sanitary bureau, and his assistants. Dr. Taylor pronounces the case to have been undoubtedly one of yellow fever.

Destructive Hail-Storm in Paris.

BOSTON, Sept. 8.—A cable despatch speaks of a hail-storm accompanied by high wind, which recently prevailed in and around Paris. The loss of glass and gardens is estimated at $1,000,000. Trees, shrubbery, fences and barns were blown over by the force of the wind.

A NORTHERN SUMMER RESORT.

Iceland as a Place in Which to Cool Off During the Dog Days.

There is so much in a name that the only wonder is that people, in the hot months of the year, do not take their holiday in a country which combines all the cool qualities of iced water with the solid advantages of terra firma. Charity is not usually a distinguishing mark of the British "tripper." He does not say to himself: "In what country can I spend £50 with the most advantage to the natives?" Still, there are some persons who would feel a gentle glow of satisfaction stealing through their moral fiber could they say that they had spent their money in the most philanthropic manner.

Such an opportunity for kindly tourists Iceland offers this year. That country is in a bad way. The fisheries for the last three years have been very unproductive, and great distress has been the consequence. Besides, the price of dried cod—one of the principal sources of revenue—has fallen from thirty to forty kroners per skippurna, a lower price than has been known for the last forty years. In many parts of the island the inhabitants have no food but fish—no coffee, no bread, no vegetables—and many of them are suffering from scurvy. Obviously, to a country thus situated, an influx of visitors would be a real blessing.

But how few people ever go to Iceland. Yet it is not so far away. It can even be conveniently reached. Its natural curiosities are grand, and of a kind novel to the ordinary excursionist. The people are kindly, living is cheap, and the tour is one of the few not absolutely hackneyed. It may also be interesting to note that English is taught in all the schools in Iceland; and as some of Shakespeare's plays have been translated into Icelandic, there is no reason why the Englishman should not feel himself thoroughly at home there.—London Globe.

To the Cuticura Remedies I Owe My Health, My Happiness, and My Life.

A day never passes that I do not think and speak kindly of the CUTICURA REMEDIES. Seven years ago, all of a dozen lumps formed on my neck, ranging in size from cherry stone to an orange. The large ones were frightful to look at, and painful to bear; people turned aside when they saw me, in disgust, and I was ashamed to be on the street or in society. Physicians and their treatment, and all medicines, failed to do any good. In a moment of despair I tried the CUTICURA REMEDIES—CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally, and CUTICURA RESOLVENT, the new Blood Purifier, internally; the small lumps (as I call them) gradually disappeared, and the large ones broke in about two weeks, discharging large quantities of matter, leaving two slight scars in my neck to-day to tell the story of my suffering. My weight then was one hundred and fifteen sickly pounds; my weight now is one hundred and sixty-one solid, healthy pounds, and my height is only five feet five inches. In my travels I praised the Cuticura Remedies, North, South, East and West. To Cuticura Remedies I own my Health, my Happiness, and my Life. A prominent New York druggist asked me the other day, "Do you still use the Cuticura Remedies you look to be in perfect health?" My reply was, "I do, and I shall always. I have never known what sickness is since I commenced using the Cuticura Remedies." Sometimes I am laughed at by praising them to people not acquainted with their merits, but sooner or later they will come to their senses and believe the same as those who use them, as dozens have whom I have told. May the time come when there shall be a large CUTICURA Supply House in every city in the world, for the benefit of humanity, where the CUTICURA REMEDIES shall be sold ONLY, so that there will be rarely a need of ever entering a drug store.

Sneezing Catarrh

The distressing sneeze, sneeze, sneeze, the acrid, watery discharges from the eyes and nose, the painful inflammation extending to the throat, the swelling of the mucous lining causing choking sensations, cough, ringing noises in the head and splitting headache—how familiar these symptoms are to thousands who suffer periodically from head colds or influenza, and who live in ignorance of the fact that a single application of Sanford's Radical Cure for Catarrh will afford *instantaneous Relief.*

But this treatment in cases of simple Catarrh gives but a faint idea of what this remedy will do in the chronic forms, where the breathing is obstructed by choking, putrid mucous accumulations, the hearing affected, smell and taste gone, throat ulcerated and hacking cough gradually fastening itself upon the debilitated system. Then it is that the marvelous curative power of Sanford's Radical Cure manifests itself in instantaneous and grateful relief. Cure begins from the first application. It is rapid, radical, permanent, economical, safe.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, all wrapped in one package, with treatise and directions, and sold by all druggists for $1.00.

—The Chicago & Northwestern and the Chicago, Milwaukee & St. Paul railway companies will sell round trip tickets to Madison next week, the occasion of the "Inter-State Agricultural and Mechanical Exposition," for one fare.

—A very pleasant party of about one hundred ladies were assembled at the home of Mr. and Mrs. E. G. Fifield in the first ward last evening. They were entertained by Mrs. Fifield assisted by her daughters, Mrs. Frank Sherer and Miss Kate Fifield, and the affair proved to be a most happy one.

—The impromptu party given by the Guards at their armory last evening was quite a success. There was a good attendance and those present enjoyed themselves thoroughly. The music was unusually good, being furnished by the Italian band that has been in the city a few days past, and the dance was kept up until well into the night.

—The Tony Denier Humpty Dumpty combination will open the season of 1886-7 at Lappin's Music hall on Saturday evening. The company is one of mirth provoking specialties, and is organized for the special business of providing wholesome amusement for the public at popular prices. The combination for this season is stronger than ever before.

—Prof. A. E. Wilson, wife and daughter, will visit Janesville on Wednesday September 15th, the second day of the county fair, for the purpose of giving an exhibition in Rock river of the professor's "Water King" life preserver. The exhibition will take place in the river at the close of the fair on that day, and will be worth seeing, as the trio create much amusement in their aquatic sports.

—Will the people of Janesville and all Rock county consider themselves especially invited to contribute any and every article of food suitable for a cold lunch to the W. C. T. U. counter at the Rock county fair next week. Those who cannot take food to the fair grounds can leave it at C. Miner's shoe store on Main street, Janesville. Let everybody remember that they can check bundles at the W. C. T. U. tent for five cents a piece during the fair.

—A very fair audience was assembled at the First M. E. church last evening. The entertainment which was given by the Young Ladies Working club of that society, however, repaid those present for their pains as it was one of much interest. The programme consisted of recitations, reading and musical selections, vocal and instrumental. The numbers were well rendered and the applause which greeted each one was heartily prolonged. The young ladies who had the affair in charge succeeded in making it very enjoyable, and all who were present speak in terms of praise of the entertainment that was afforded them.

—The apparatus for administering nitrous oxide gas that Dr. Charles T. Pierce has just put in is remarkably complete. It is much more compact than any other in use, and by the various devices that have been added to it from time to time by the manufacturers, it has been brought as near perfection as is possible. The gas used comes from an eastern labratory where its manufacture is made a specialty, and it therefore has none of the impurities that so often prove troublesome. Nitrous oxide gas has robbed the dentist's chair of all its terrors and if it continues to grow in popularity, it will soon be so that no family can be without it.

—Last evening there came a hush of sadness into the home of Mr. and Mrs. L. D. Jerome, of the first ward, for she who had been so long a sufferer had been called to her long home. The deceased, Mrs. Eliza Merrill, mother of Mrs. Jerome, was well known in this city, and had many friends. She possessed many of the traits that go to make the perfect woman, and after a long life in which much good was accomplished, she has passed away esteemed by all who knew her. The funeral will be held tomorrow afternoon at 3 o'clock from the home of Mr. and Mrs. Jerome, 21 North High street.

Organization of the Republican Convention,

The Nomination of Governor Rusk.

Special to the Gazette.

MADISON, Sept. 8th, 3 p. m.—The republican state convention was called to order at twelve o'clock. J. V. Quarles was elected temporary chairman. Committees were appointed and the convention adjourned until half past two.

On reassembling the Hon. Hiram Smith, of Sheboygan, was elected permanent chairman.

At three o'clock speeches are being made on the renomination of Governor Rusk, who, of course, will be renominated by acclamation.

Timme will likely be re-nominated for secretary of state. What will follow no one can now predict.

MADISON, Wis., September 8. 3:30 p. m.—The republican state conventon was called to order by Chirman Hon Taylor, of state central committee, J. V. Quarles of Racine, elected temporary chairman, and M. A. Thayer, of Sparta, secretary. Mr. Quarles made a rousing speech which was received with rounds of applause.

Committees on resolutions and permanent organizations were appointed and an adjournment taken until two thirty p. m.

Convened at 2:30. On permanent organization, Hon. Hiram Smith was elected chairman. Mr. Smith took the chair and briefly addressed the convention.

Hon. H. C. Adams, of Dane. in a few eloquent words nominated Jeremiah Rusk for governor, which was seconded in a telling speech by Hon. H. O. Fairchild, of Marinette.

Mr. O. H. Fethers, of Janesville, moved that the nomination be made by acclamation, which was done by a rising vote and three rousing cheers.

Governor Rusk was introduced and addressed the convention.

State Secretary Timme will be renominated but the balance of the ticket is in doubt.

OBITUARY.

EMMA BRACE COX.

Died at her home in Fulton, Wis. Saturday morning, September 4th, 1886 Emma Brace Cox, wife of William Cox aged 37 years, 10 months and 5 days. It is with no ordinary regret that we mention the demise of a lady who possessed such a superior character and was so highly esteemed by a large circle of friends in this county and other places.

Mrs. Cox was the daughter of the late Leonard Brace and was born and passed most of her life in Fulton township. Of a cheerful disposition and kindly nature she was a universal favorite and her loss is a great shock to the entire community.

The funeral services were held at her late home, Monday, conducted by Rev J. Schneider, of Edgerton, who made appropriate remarks from the text, "Prepare to meet thy God".

The remains were then interred in Edgerton cemetery. The floral offerings were numerous and very beautiful. Her death leaves a great void in the home circle and the loss is a severe blow to her husband, brother and sister.

Heart wait, and know God rules, we shall yet meet,
No more to part, in the good land
That's coming; life and love and sweet
And there is given no parting hand;
Wait and be good, smile through these tears and know,
Though bitter is the grief, ye shall
Come where the waves of anguish never flow,
To breath no more the word, "Farewell."

County Superintendent.

To the Editor:

CLINTON, Wis., Sept. 7, 1886.

The following endorsement to Mr. H. C. Thom, of Turtle, may be of interest to your readers in making them acquainted with one of the candidates for the office of county superintendent in the Second district.

[Extract from records of Board of Education of the city of Oshkosh, Wis., for April 11, 1886.]

Commissioner Westhro presented the following:

Resolved, By the board of education that it is with regret that the resignation of H. C. Thom, as principal of the second ward school is received.

Resolved, That we recognize in him a faithful and efficient teacher, one knowing his duty, always doing it, thereby endearing himself alike to patrons and pupils.

Adopted by unanimous vote; also the following letter of endorsement:

MADISON, Wis., August 21, '86.

MY DEAR SIR: In reply to your letter I would say that I have known Mr. H. C. Thom as student and teacher during many years, and his success as a teacher, his fine administrative abilities, his knowledge of the requisites of a good school, and his educational qualifications, eminently fit him for the position you name, county superintendent of schools of the second district, Rock county.

Very Respectfully Yours,
M. T. PARK.

"Skipped."

That a large audience will be present at Lappin's hall to-morrow evening to witness the reappearance here of Fowler & Warmington's clever company in the great laughter-producing farcical comedy, "Skipped by the Light of the Moon" is a well assured fact. People at the present day want to laugh, and "Skipped" affords them abundant opportunity for so doing. Its dialogue is bright, without being pretentious; its situations are laughably absurd; its incidents are original and funny, and the supporting company will be found to be unusually strong and well balanced. Such laughter as it evokes whenever it is produced is seldom heard within the walls of any theatre. The Boston Herald thus speaks of its appearance in that city:

"The audience which assembled at the bijou last evening to witness 'Skipped by the Light of the Moon,' filled the theater from orchestra rail to gallery wall. Standing room was early at a premium, and many were turned away unable to get a good view of the stage. 'Skipped,' as everybody knows, is the raciest and brightest of modern comedies. The fun begins with the rise of the curtain, reaches the zenith of hilarity in the oyster bay and garden wall scene, becomes painfully laughable with the adventures of the Dingle baby and terminates pleasantly with the restoration of the precious infant and the unification of all the discordant elements. Every scene was greeted with roars of laughter and to be brief, in the language of Dingle and Gracie, it is 'very, very, funny.'"

The Inter State Industrial Exposition of Chicago.

Is now open for its Fourteenth Consecutive Annual Exhibition. Like every other good thing in the growing west, it is larger, better and more important in its main features than any that have preceded it.

The display of process of manufacture, including two exhibits of silk looms in operation, and many other things of attractive novelty in mechanism, has never been surpassed.

The art halls are filled with choice examples fresh from the studios of one hundred and twenty five prominent American artists. Almost every painting is a gem, and all were selected by the celebrated artist, Mr. Wm. H. Beard, of New York.

The Natural History department includes the entire collections of the "Chicago Academy of Sciences" and those collections include some of the most remarkable specimens in the world. The specimen of the *elephas primigenius* or "hairy elephant," just added and mounted was discovered in Spokane County, Washington Territory, and has no rival in any of the great museums of Europe unless it may be one in St. Petersburg procured many years ago in Siberia.

The department of furniture, household decoration, personal ornaments and textile fabrics are complete and filled with all the novelties known to the several industries they represent.

It has never been the purpose of this organization to simply amuse the public or to enrich its stockholders, but rather to educate and inform those who desire to keep abreast of the progress of the world in all the great lines of human activity.

In 1885 the average daily paid attendance for forty days was 8,463. This year it promises to be even larger and the exhibition will certainly well repay all who visit it. All transportation lines make reduced rates.

Tobacco Sales.

Sales of seed leaf tobacco reported by J. S. Gans' Son & Co., tobacco brokers, No. 131 Water street, New York, for the week ending September 6, 1886:

300 cases, crop of 1885, New England Havana pt.

100 cases, crop of 1881, Pennsylvania, at 8½ to 11 cents.

1,700 cases, crop of 1881, State Havana, 8½ to 11 cents.

1,650 cases, crop of 1885, State Havana pt.

50 cases, crop of 1881, Little Dutch, at 12 cents.

400 cases, crop of 1885, Ohio, 6 to 6½ cents.

150 cases, crop of 1885, Wisconsin Havana, at 9 to 10 cents.

50 cases, crop of 1885, Ohio Zimmers Spanish, 15 cents.

Total cases, 4,550.

The Weather.

At seven o'clock this morning the thermometer indicated 68 degrees above zero. Cloudy with north wind. At one o'clock p m. the register was 74 degrees above zero. Cloudy with east wind. For the corresponding hours one year ago the register was 60 and 72 degrees above zero.

Use Fairbank's Soap. It washes perfectly and softens the hands and skin.

Auction Sale.

Don't forget the auction sale of personal property on the farm of Henry Kayler, September 13, at one o'clock p. m. A desirable lot of property will be sold to the highest bidder. The farm is located on the Telephone road four miles south of Janesville and is known as the James Shield farm.

Select School.

Miss Grace E. Hubbs, an experienced teacher, will open a select school September 6, if sufficient patronage is extended. Special attention will be given to small children and to backward scholars. Residence, 84 North Main street. P. O. box, 598.

TOBACCO.

What Has Been Done Here and Elsewhere.

A Summing up of the Crop—Items Around the State.

IN GENERAL.

Within a short time past we have received an unusually large number of subscriptions for our weekly, from farmers who have been in the habit of taking papers devoted wholly to the tobacco interests. They claim that the markets published in the Gazette are the most reliable that can be obtained anywhere. When a live, wide-awake newspaper, with tobacco markets from every part of the United States in addition, can be had for one dollar and fifty cents a year they realize that they cannot afford to be without it. More than one farmer has saved himself ten times the subscription price by being posted on current prices and the conditions of trade as reported in his home paper.

***

Reports from all the tobacco growing districts as received by the New England Homestead show that there has been a reduction of acreage in every state. In Wisconsin this is the most marked, but some of the reports sent to the Homestead from this region were rather misleading. One especially, a letter from the secretary of the Northwestern Tobacco Growers' association, states that the tobacco land this year is only twenty per cent of that last year. This would make it only two thousand acres, while any one who has kept an eye on the matter will readily admit that five thousand acres would be much nearer correct. A mistake has undoubtedly been made in calculating the damage done by the storms. In many parts of the county they were not felt at all and the amount of leaf injured will really cut a very small figure. Except for that however, the report is very fair.

The Connecticut and Housatonic valleys appear to have the best crops of any district. In New York the quality is fine but the yield will be smaller than usual. The acreage in Pennsylvania is about the same as last year and the leaf is heavier. Illinois has had a season more unfavorable than Wisconsin and the crop will be very light and uneven.

JANESVILLE.

There have been several buyers out after the '85 crop during the past week and a number of sales are reported. Prices are a little higher than they were last winter. In many cases however, this is made up for by the shrinkage which has been considerable. Rockwood Bros. have bought large quantities of fillers within a short time past and they are now negotiating with an eastern exporter regarding the entire lot. There is a chance that it will be taken for the German trade.

The last years crop is, as the Gazette predicted, the best crop in the market so far as binders are concerned even surpassing the Pennsylvania leaf. A great deal of the harvesting has now been done. Some of the leaf that has been taken in is the finest seen for years but the average of the wrapper yield is low. As will be seen by our correspondence the tobacco worm has given trouble at some places, in fact doing considerable injury.

Reports from Green county state that the season has been a very favorable one while around Jefferson it was one of the hardest ever experienced. In Dane county the acreage has been considerably reduced but the leaf that is now in the fields is of very fair quality.

BRODHEAD.

Around here the early crop was not up to the average. The late setting, however, is coming on finely. Mr. K. E. Kingman has just put in the shed seven acres of the finest tobacco he ever raised. He had to rent extra shed room, as his building that held ten acres last year would not begin to accommodate the leaf.

SHOPIERE.

A large amount of early tobacco has been put in the shed. There are some very fine fields this year, but the average of the leaf will not be as large as last year. The rains and hot weather of the past week have improved the late setting one half and most of it gives fair promise of being a good crop if not caught by early frosts. The worm has been very bad this season and some of our growers claim it is almost impossible to get rid of all of them before the tobacco is put in the shed. Some of our growers who have put 'dry beer' into their shed will have to thrash it out to make room for the late tobacco if it continues to come on as it has during the past week. There has been no hail to hurt the crop yet.

NEW YORK CITY.

At last one of the good old time sales has taken place. A down town firm bought 3,500 cases of seed leaf and set the market boiling. Made buoyant by this event, the market showed much animation and sales averaging 100 to 200 cases took place in quick succession.—*United States Tobacco Journal.*

OHIO.

There is evidence of reviving activity in this market.

Seedleaf and Little Dutch are being hurried off the fields to avoid rust—*Miamisburg Bulletin.*

CONNECTICUT VALLEY.

We have to report another week of warm growing weather. The late crops have nobly responded to nature's call.—*American Cultivator.*

PENNSYLVANIA.

Growing tobacco has had another good week. By the close of the present week all but the late fields will be housed. On Monday rains fell nearly all over the country, which were what the late tobacco needed very much.—*Lancaster New Era.*

Resolutions of Respect.

Resolutitions passed by Rock County Pomona grange:

Resolved, That in the death of Sister Powell this Pomona grange has lost one of its most worthy and useful members, and her son a kind and indulgent mother, the community a useful and respected citizen, and while we bow to the will of the great Master above, and grieve for our departed sister, let us remember He doeth all things well, for she has only passed to the great beyond where we must soon follow.

Gone to that haven, where peace shall dwell,
When time is no more, we shall meet her again.
Gone in her purity, fallen asleep.
Death is eternal life, why should we weep?

Resolved, That this grange will manifest its respect for the memory of the deceased by draping its charter in mourning for 60 days, and a copy of these resolutions be sent to the afflicted family, and to the Western Farmer and Grange bulletins and county papers for publication.

Milton.

—The fall term of Milton college began last Wednesday with a larger number of students in attendance than were expected and a goodly number have been added to the roll this week. The cry of "hard times" does not prevent the young men and women of the country from availing themselves of the superior educational advantages offered by the institution.

—The McGibeny family left Milton on their annual tour last Wednesday. During their stay here of two months they have added to their friends of former days. All who have enjoyed the pleasure of making their acquaintance and the family take with them the best wishes of all for future good health and prosperity. Mr. McGibeny is desirous of spending next summer here and no doubt the family will come, in which event we can assure them a hearty welcome.

—Leon Snyder and his sister, Bertha, returned to their home at St. Peter, Minn., last week.

—Rev. Mr. McIntyre, of Maquoketa, Iowa, was in town last week, the guest of Rev. Geo. Smith.

—Prof. Jno. D. Bond and family left the village Thursday for their home at St. Paul.

—Mr. Parker, of La Prairie, candidate for county superintendent, was in town Friday.

—Miss Ella Clarke, M. D. of Chicago, is visiting Milton relatives and friends. The doctor is a graduate of Hahnemann medical college and thinks some of locating here. There is a good opening here for a homeopathic physician, and we think Miss Clarke would do well to locate here.

—Frank McGibney, who was on the sick list and unable to leave with the family, left Saturday to join them. Mrs. McGibney left Monday.

—Saturday was hot enough for any July day.

—Mrs. Sarah VanCampen, of Cannon Falls, Minn., arrived in town Saturday to visit relatives for a few weeks. Her son is with her.

—W. P. Clarke and Alf. D. Burdick spent Thursday and Friday at Geneva Lake reunion, and of course they had a jolly good time.

—The democrats held their caucus to elect county convention delegates Saturday evening at the Borden house.

—The annual meeting of the stock holders and trustees of Milton college was held Wednesday afternoon. The trustees whose terms expired at that time were reelected.

—Hon. J. C. Bartholf and W. W. Clarke went up to Madison Tuesday to attend the state convention, the former as a spectator, the latter as a delegate.

—Jno. M. Home, of Milwaukee, spent Sunday at the old homestead.

—The fall term of the graded school opens next Monday with Misses A. P. Burdick, Eva Marquart and M. Dell Burdick as the corps of teachers.

—S. Grant Stannard goes to Chicago this week to accept a position in a city drug store. May good health and prosperity attend him.

—F. M. Green went to Durand, Ill., last week to enjoy a visit with his former employe, Alf. S. Dunham.

—Robert Home sold a car load of hogs last Friday to R. R. Brown, of Edgerton, at $4 50 per hundred.

—On Thursday Miss Carrie Davidson, oldest daughter of N Davidson, and O. P. Davy were united in marriage, the ceremony being performed by Rev. B. T. White, former pastor of the M. E. church here, at Heart Prairie. The new made man and wife have the hearty congratulations and best wishes of their many friends and acquaintances.

—Written on the eve of the departure of the McGibney family, whose stay, manly deportment and daily rehearsals having been a great source of enjoyment to me, and

"Knowing words but feebly express the intention of the soul,
When linked together, form of life one grand magnificent whole.
In these my friends, I come to you,
My coming bringing with it nothing new,
The same old words their meaning true,
For your thoughtful kindness, I thank you.
This my visit or given in lieu,
Is being distilled mid the hours of falling dew.
Hoping your acquaintance next year to again renew,
I bid you good night, kind friends adieu."
P. S:
"May the strains of sweet music, each of you so well control,
Be heard by all people from sea to gulf; from pole to pole.
At last father, mother, sister, brother, way down to little Leopold,
Be gathered into that city, the streets of which are paved with gold,
There one continuous concert, ever to hold,
Where tickets of admittance shall ne'er be sold,
Is the wish of a friend ever the same,
Where H. H. W. initials his name."

HENRY H. WATERMAN.

Rev. Wm. H. Chapman, pastor of M. E. church, Georgetown, D. C., wrote us: Having had an opportunity to test the excellent qualities of Dr. Bull's Cough Syrup, I hesitate not to say, it is the best remedy I have ever used in my family." For croup and whooping cough it is a sure cure.

Brodhead.

—Miss Clinton's concert was a complete success. Only a small number of her piano forte pupils took part but their playing showed earnest work on the part of the teacher and pupils. The singing was excellent and the solo by Willie Browne, cornetist, was very fine. The concert was as good as any Brodhead has listened to for some time and we hope to be treated to more.

—Miss Jessie O. Sprague left Monday morning for Madison to take examination prior to entering the univeristy on Wednesday.

—The Presbyterian Sunday school hold a picnic at People's park next Thursday, the steamer to leave at 10 a. m. All are cordially invited to attend.

—The Salvation Army still holds forth here and the meetings are well attended. The number of converts increase although backsliders number not a few.

—Miss Lizzie McLain has gone to Michigan to spend a few weeks visiting relatives.

—The game of base ball last Saturday, Brodheads vs. Pecatonicas, resulted in favor of the Brodheads.

—Miss Lillie Mack returned from a three months visit in New York last Saturday.

—Mrs. T. A. Mitchell and her little boy leave this week Thursday for Alexandria D. T. which will be their future home. Mr. Mitchell preceded her by a month.

The torturing disease neuralgia is instantly relieved and rapidly cured by Salvation Oil.

Third Annual Picnic.

Captain Alex Buchholz, of the steamer Enterprise, will give his third annual picnic at Pope's Springs on Thursday September 9th. The steamer will make trips every hour and a half, commencing at two o'clock p. m. A bountiful supply of refreshments will be on the grounds Prizes for the following games will be given: Boat racing, wheelbarrow racing, quoit pitching, and many other amusements. Messrs. John M. Bauman, Al. Kemmett and Chas. Horn will act as the managing committee. Anderson's orchestra will furnish the music, which will be good news for the lovers of the dance.

Fresh Oysters.

W. W. Skinner has just received a shipment of A. Booth's Baltimore oysters. Try them.

Piano Owners.

Leave orders with Walter Helms for tuning, cleaning, repairing and refelting both pianos and organs, where they will be promptly attended to by Edward Buchanan, who has references from all leading music houses of the northwest.

Harmony.

—Mrs. Dwight Cook, of Ravenswood, Ill., is visiting her aged father, Mr. Geo. Stone.

—Messrs. O. G. Stevens, E. D. Hurd and Leslie Wilbur went on a fishing excursion to Lake Koshkonong, Saturday. Success crowned their efforts in catching the finy tribe.

—Mr. and Mrs. G. W. Phelps, of Janesville, visited Mr. and Mrs. W. E. Mansur on Monday.

—Rev. Thos. Walker, of the First M. E. church, Janesville, delivered an excellent Scriptural discourse on "Home and Heaven" Sunday last, at town hall. The reverend gentleman has many friends in this section who love to listen to his teaching.

—Mr. W. A. Kinmore, of Oregon, Wis., is in town representing the Northwestern Mutual life insurance. Parties desiring life insurance will find it to their advantage to listen to what Mr. Kinmore has to offer.

—During the recent high winds nearly all of the apples have blown from the trees. These the grangers have picked up and taken to Janesville where they were converted into a delicious prohibition drink.

—Some miscreants undertook to purloin sweet cider from the premises of Mrs. Zimmerman. They had better be careful as cold lead is sometimes an antidote for such offenses where there is no dog.

—The Prohibition club formed by Rev. Eaton, met Tuesday for the purpose of organizing. The meeting was called to order by the president, who stated there would be no lecture as had been previously stated, as the gentleman engaged could not be present. The constitution and by laws were read and adopted. Mr. Cunningham moved that it be called a temperance club instead of party club and that they substitute the word temperance for prohibition. This was carried. It was decided all over 15 years of age by signing the constitution and bylaws can become members. Seven new members were added, making a membership of thirty-two. A paper was then read by the vice president, after which a committee of three was appointed to prepare a programme for the next meeting which will be held September 21. All temperance advocates and the general public are invited to attend and lend a helping hand.

—We understand there will be a meeting of farmers at the hall Saturday evening to discuss some difficulties in regard to to the recent purchase of fruit trees. Farmers should beware of agents who are traveling through the country and should buy only of old and reliable firms and be your own agent.

Center.

—Work of the Evansville cut off is progressing rapidly on the marsh.

—The propriety of cutting a ditch four feet deep and ten feet wide through the center of the big marsh is being agitated.

—Mrs. J. B. Cleland, of Osage, Iowa, accompanied by her daughter Laura and little son Earl, are visiting friends and relatives in Center and vicinity.

—Elder Wells and wife, and C. C. Fisher have just returned from an extensive trip through Ohio and West Virginia and report the peach crop as superb.

—Joshua Hartzel and family, of Ohio, are visiting in Center. Mr. Hartzel is a reguler Buckey granger and loves to shake the hand of a Badger farmer.

—The new building going up in Centerville, is not a brewery, but a barn for Elder Wells. The carpenters should be censured for circulating such obnoxious reports.

—The school picnic last Saturday by Miss Wright's school was a grand success throughout and was very liberally attended. Among the leading speakers on this occasion might be mentioned John Crow, who eulogized the teacher and scholars for the royal exhibition, closing by a word of warning to the young men so eager to play ball.

A Rare Opportunity.

I offer for sale, the best livery stable in southern Wisconsin, with all the appointments of a first class livery business. Well sell the barn and real estate with the stock and business, on very favorable terms, or will sell the stock and furnishings, and rent the barn for a term of years. The business is a prosperous and paying one, and the owner can give good reasons for making the change. It is a grand opening for a live man. For terms, call or address
